Summary

Dedicated Web Developer with a drive to learn as much as possible. Interested in most things to do with computers and art, engaging in hobbies involving them such as video games or graphic design. Enjoy working with teams, developing relationships with colleagues and having a positive impact on a work place. Always striving to gain new skills, and usually involved in a personal development project to accomplish this.

Experience

11/2018 - Current
Associate, **Pinch A Penny Pool Patio Spa**, Port Orange, FL

- Developed relationships with customers, teaching them how to care for their pools and making them feel comfortable by providing reliable, in-depth information.
- Fast-paced work environment during busy season that required teamwork with coworkers in order to not hold up customers.
- Trained new employees, teaching them advanced concepts like water chemistry testing and safety protocols with hazardous chemicals.

Education

09/2021
Certificate Of Completion, Full Stack Web Development Bootcamp
University Of Central Florida, Orlando, FL

- Learned a variety of front and back end technologies that all used or were compatible with JavaScript.
- Explored front end development by mastering HTML and CSS, using libraries like Bootstrap and Bulma, and working with React.
- Learned how to create a back end with Node.js, Express.js, and both SQL and NoSQL databases. Experimented with various npm packages to fit different project needs.
- Worked on three different group projects with teams of 3-6 people, having to complete them within a two week span. Used Github to manage the repositories, utilizing issues and having to resolve merge conflicts along the way.

Skills

- JavaScript (Intermediate)
- React (Intermediate)
- HTML (Advanced)
- CSS (Advanced)
- Node.js (Intermediate)
- Express.js (Intermediate)
- MongoDB (Intermediate)
- MySQL (Intermediate)
